💼 Experiencia laboral

Frontend Developer | Mar. 2023 - Present
DEVOCAMP - New York, EEUU - Remote

- Collaborated in the development of attractive and functional user interfaces using **ReactJS** and **Next.js**, enhancing user experience.
- Developed and implemented responsive designs with **TailwindCSS**, ensuring compatibility across various devices and screen resolutions.
- Conducted end-to-end testing using **Cypress** to ensure code quality and product functionality.
- Participated in regular team meetings to review progress and address challenges, fostering effective communication.
- Utilized **Git** and **GitHub** for version control, reviewed pull requests, and contributed to sprint planning, supporting an agile and efficient development process.

Web Developer | Feb. 2024 - Mar. 2024
Barapack S.A. - Freelancer - Buenos Aires - Remote ↗

- Developed a Landing Page for the company using **ReactJS** and **TailwindCSS**, improving online presence and customer acquisition.
- Implemented responsive designs to ensure an optimal user experience across various devices.
- Managed the deployment of the website to their hosting service, using **Git** and **GitHub** for version control, ensuring optimal configuration and efficient performance.

🎓 Educación

Universidad Autónoma de Entre Ríos (Not completed) | 2017 - 2019
Bachelor's Degree in Information Systems

This program provided me with a solid theoretical and practical foundation in IT, covering skills to plan, implement, and evaluate software systems projects.

Platzi | 2021 - 2023
Professional Web Development Program with JavaScript

I gained experience in frontend and user interface design through various projects, using technologies like **HTML**, **CSS**, **Sass**, **JavaScript**, **ReactJS**, and **Redux**.

Devathon | 2022 - 2023

Participated in a "programación en español ↗ " community event, where teams developed a Full-Stack application. In this project, I used **ReactJS**, **Redux**, **Sass**, and **Git**/**GitHub** for teamwork.

🧠 Habilidades

Markup: HTML | CSS | Sass | TailwindCSS —

Languages: JavaScript | TypeScript | NodeJS | MongoDB

Frontend Frameworks: ReactJS | NextJS | Redux

Testing: Jest | Cypress

Tools: Linux | Shell | Git | Vim | Postman
